**OUR CSR FOCUS**

Corporate Social Responsibility ("CSR"), to our Company is a genuine and sustainable investment in the community that we are a part of and is not just philanthropy. This is a conscious and committed effort to contribute in every possible way we can. We believe that through effective CSR outreach, we have the extraordinary opportunity to redefine the way in which a company can help enable change in the world.

Our CSR focus is inspired by our Global CR under the following heads - Our People, Health for All, Our Planet & Our Behaviour.

**HEALTH FOR ALL**

As a key player in the healthcare area, our primary contribution is to develop, market and distribute products based on high science to improve the quality of life of our consumers. Our social outreaches include sustainable partnership with various community projects through established NGOS to advance awareness about and access to nutrition and healthcare to society; providing health and hygiene awareness to mothers and children;

**OUR PLANET**

We remain committed to minimizing our environmental impact all across our value chain and lifecycle. As a company we are also geared up to provide timely on ground disaster support.

**OUR PEOPLE**

We believe and act on a culture of generosity and compassion characterized by willingness to build a society that works for everyone through contributions beyond commercial including
education, meaningful sustainable partnerships.

**OUR BEHAVIOR**

As a company we believe in the philosophy of compassionate care and our Our Board of Directors, Management and our employees subscribe to it. Our values of Transparency, Respect, Integrity and Consumer first guide us and our partners in our various outreach.

Our CSR MISSION is based on the CSR focus defined as "To lend a helping hand to the less fortunate in our society through the support of women, children and the aged in the areas of health, education and sustainability".

In order to bring this mission alive, our CSR Activities will focus on the following areas:

1. **Education** - including special education and leading to sustainable livelihood especially that of women
2. **Health & Nutrition** - towards eradicating malnutrition leading to good health for children and mothers and awareness about hygiene, safe food and water.
3. **Ensuring Environmental Sustainability, ecological balance etc** - leading to conservation of natural resources
4. **Improving Employment enhancing vocational skills**

In addition to this we will also participate in

1. **Disaster Support** - to provide relief to disaster affected communities
2. **Volunteering** — to create a culture of shared value for our employees
3. **Any other** in line with schedule VII of CSR Rules under Companies Act

The objective in each of the interventions is to create a sense of ownership and to ensure that projects and programmes in each of these spheres are sustained.

Several development programmes have been implemented in last few years aiming at building trust and improving the quality of life not only in and around the places where the Company operates but also in areas where there is an urgent need for intervention. This has been done in the form of addressing malnutrition or building awareness on hygiene and safety or addressing specific community level health issues or risks like AIDS or activities which help in ensuring environmental sustainability.

**OUR CSR COMMITTEE:**

In order to drive and oversee all its social development initiatives GSK Consumer Healthcare, India has constituted the CSR (Corporate Social Responsibility) Committee. The committee functions as per GSKCH's vision, mission, CSR policy and strategy; guided by the global CSR objectives and guidelines. The committee comprises of independent Board members and will be supported by senior leaders of GSK. The members are so chosen as to provide thought leadership, guidance, advice and policies to drive the sustainability agenda of the organization.
